## Comments on the course evaluations

The course content is vast in comparison to the allocated time frame for lectures. Therefore, it is difficult to make the lectures interactive and engaging.

| |
|---|
| |

## Examination results

| | |
|---|---|
| X | Examination results are as expected |
| | Examination results are not as expected |
| The course objectives and students response were good based on results. | |

## Recommendations and priorities for the course development

| |
|---|
| More development of the Lab and project submissions time lines. Perhaps add more choices of project topics. Exam questions with relevance to IoT technology use in actual societal problems engages students. |
