Comments on the course evaluations

The course evaluation was only submitted by 2 students out of 17 (i.e., 11 %). The results are different compared to the evaluation we made at the summary session.

2020-11-09 2 (av 2)

The students were very satisfied with the content and the assignments as we understood. They liked to work in groups.

Examination results

X	Examination results are as expected
	Examination results are not as expected

Recommendations and priorities for the course development

We need to look into groups and help the Erasmus+ students to be in mixed groups with our students.
