Course report Faculty of Technology and Society

This course report is based on student feedback and submitted course evaluations, exam results and the teacher's idea for further development. The course report is published on the course website and Canvas-site.

Course name	**Data-Driven Methodologies for Software Development**
Course code	DA635E
Semester	VT24
Number of registered students	32
Course coordinator	Zahra Ghaffari Holmgren

X	Course report is published on Canvas-site
	Course report is published on course webpage

Compulsory course evaluation

Number of responses to the compulsory course evaluation	2

The compulsory course evaluation has been conducted through:

X	Standard template via SSR (Sunet Survey and Report)
	Extended standard template with *own questions* via SSR
X	Own evaluation method by the course coordinator
If own evaluation method was conducted, describe how:	
In the class as with the whole group	

Additional evaluations that were conducted during the course

	Separate survey
X	Oral evaluation in class
	Oral evaluation in smaller groups
	Other evaluation method
If other evaluation method was conducted, describe how:	

Comments on the course evaluations

The course evaluation was only submitted by 2 students out of 32 (i.e., 6 %). The results are very different compared to the evaluation we made at the summary session.
The students were very satisfied with the content and the assignments as we understood. They liked to work in groups.

Examination results

X	Examination results are as expected
	Examination results are not as expected
59,3% passed the course.	

Recommendations and priorities for the course development

I got a suggestion in program council to change the group assignment and I will do that.
