<ul style="list-style-type: none"> • Engaged students • Hard to make students attend non-obligatory teaching, which effected the students' ability to understand and apply course content

Action plan (To be completed by the course coordinator)

The underlaying analysis and the action plan should be based on a summary of the students' individual course evaluations, views from teachers in the course and the knowledge development in the research field. If identified problems are left without action, this should be motivated.

The following changes are planned in the short and long term:

WHAT should be done, WHO should do it and WHEN should it be done?

- Keeping up with the well orginased teching of PACS I (involved teachers on PACS I, HT 26)
- Emphasising the need to prepare and attend all teaching activities (same as above)
- Looking into changing the syllabus to make all seminars obligatory (during 2026, module responsible.)

Remember to orally feedback the results of the course evaluation to

- the students who have completed the course evaluation
- the students of the next course round, i.e. the next time the course is given
