Teacher's perspective (To be completed by the course coordinator)

Summary of the teacher's views/Results:

Overall, the performance of the cohort was an improvement on the last. More students completed on time. Students also participated in the end-of-year exhibition with excellent results.

Analysis and action plan (To be completed by the course coordinator)

Analysis:

Action plan:

We usually try to secure a work room for the thesis students, but this never seems possible due to lack of teaching space. Or if it is, it's only possible for one day per week. We would also very much like to provision it.

Exhibition expectations can be made more prominent in the course. It was described at the start of the course, but many seem to have missed it.
