COURSE REPORT – Summary of course evaluation

The course report is a summary of the course evaluation. The course evaluation takes into account the students' course evaluations, the study administration's views, the teachers' views, and the course outcome - ie the students' actual results, course completion, and conditions for course implementation such as teaching and supervision time, premises and support functions. The course report also contains an analysis and development/action plan for the course.

The course report forms the basis for feedback to students and follow-up in quality dialogues both in the education-centered and in the university-wide quality work.

Background information (To be completed by the course administrator)

Course LADOK code: US651E	**Scope (hp):** 30
Course title: Research Internship	
Course coordinator: Guy Baeten	**Number of registered students:14**
Semester in which the course is conducted: HT-23	
Is the course an independent course, programme course or contract course? If the course has been completed within a programme, enter the programme name. SAURS22h + SAURS22h1	

Administration's perspective (To be completed by the course administrator)

The administration's views:

Forms of evaluation and feedback (To be completed by the course coordinator)

Formative course evaluation: (Describe the form of course evaluation and when it was completed)	**Number of students who participated in the course evaluation: trough program council**
Summative course evaluation: (Describe the form of course evaluation and when it was completed)	**Number of students who participated in the course evaluation: 9**
Feedback to students: feedback from previous year is discussed at course introduction	

Student's perspective (To be completed by the course coordinator)

Summary of the students' course evaluations: (The five university-wide questions should be included. Compilation from digital questionnaires can be appended.) see attachment. Overall students are positive

Teacher's perspective (To be completed by the course coordinator)

Summary of the teacher's views/Results: (The comments on the course's implementation and the results based on an assessment of the students' actual learning outcomes in relation to the intended learning outcomes, are summarised here. Both success factors and problems are identified).

The nature of the course (internship) makes that the respective supervisors of research projects organize the work and practicalities, not the course leader. Problems mentioned are in the hands of respective supervisors.

Analysis and action plan **(To be completed by the course coordinator)**

Analysis: (The course coordinator is responsible for ensuring that the analysis is based on a summary of the students' individual course evaluations, views from relevant teachers and course administrators, knowledge development in the field of research and that this analysis is done in collaboration with the teaching team.)
Action plan: (The changes planned to be made in the short and long term are stated here, as well as the timetable for when the actions are planned be carried out and who is responsible for the implementation. If identified problems are left without action, this should be justified. The follow-up of proposed measures according to the previous course report(s) is presented here.) Will organise a meeting with supervisors before the course starts

Publishing and archiving **(To be handled by the course administrator)**

The course report is published and archived according to the university's instructions. The students are informed about the publication. The course report is shared with the programme coordinator (if applicable) and saved according to any additional requests on behalf of the department.
